The candidates for these positions are selected by nomination paper method.

For more information on running for local office. See <https://elections.wi.gov/candidates/local/non-partisan> or contact the Clerk's office at 608-835-3200.

## Snow Removal Guidelines

The Town of Oregon road crew strives to plow and remove snow from the roads as efficiently and safely as possible.

Please follow the DO's and DON'Ts below to help the snow removal crew clear your street efficiently.

- DO park your vehicle(s) in your driveway, off the street, especially in cul-de-sacs.
- DO OBEY all snow emergency rules/regulations, parking signage, and parking regulations.
- DO NOT push or blow snow into or across streets or pedestrian areas
- DO NOT put trash and recycling carts in the street. Place in your driveway.

*\* Dane County Highway Department is responsible for snowplowing County Highways MM, CC, A & D. Any concerns should be directed to Dane County Public Works at 608-266-4039.*

*\* If you have snowplow concerns when the office is closed, please contact Chairman Wayne Ace at 608-576-7281.*

### **Introduction to Badger Books**

*Badger Books are electronic pollbooks that will be used at the Town of Oregon starting in February 2023.*

#### **What they are:**

- They are poll books. They check in voters and produce a voter number on a slip of paper for each voter.
- They are also used to register voters, and to process absentee ballots.
- When voters check in, they will give their names and addresses to the election inspectors, just as they have in the past. The only difference will be that the inspectors will be looking up voter names electronically, rather than in paper poll books. Voters' signatures will still be required, but voters will sign their names on an electronic screen using their fingers or a stylus, rather than in the paper poll book.

#### **What they are not:**

- They are not voting machines – you can't cast votes on them. Voting will continue to be done on paper ballots.
- They are not vote tabulators – they don't count votes. The vote tabulation process will not change.
- They are not connected to the internet or any other outside source. They are connected to a server through a router within each polling place that allows the books to talk to each other. They communicate only with each other.
